# IT, Marketing, Sales, Media specialist

## About me

I am a seasoned businessman originally from California, now based in Romania/Moldova to build my career and life in the European Union. Holding both Romanian and U.S. citizenships, along with residency and work documentation, I am fully prepared and eager to relocate anywhere within the EU.

With a strong background in technology, business management, sales of products and services, and IT, I bring comprehensive expertise to the table. I also have extensive experience in energy management commissioning, having collaborated with global leaders such as Facebook, Meta, Tesla, and numerous other businesses across California, Nevada, and international markets.

Fluent in English and advanced in Romanian (both written and verbal), I am seeking a dynamic management, technical, or hands-on role where I can leverage my skills and contribute meaningfully to the organization's success. I am motivated by opportunities in any European location to continue making an impact in my fields of expertise.

## Work experience

### IT Director, Manager, Consultant, Marketing, Media · UMGINC · USA

*June 2001 - Present · 23 years 11 months*
